

WELCOME TO THE ALBANY LITTLE LEAGUE SNACK SHACK!

SPRING 2011

An Invitation

Please come to a Team Parents OPEN HOUSE at the Snack Shack on Sunday, March 13th from 10:30AM – Noon. Stop by, have some refreshments and get acquainted. We look forward to meeting everyone!

The Snack Shack provides revenue to pay for the League's operating expenses such as field maintenance, uniforms and equipment. Every team in the League is responsible for volunteering at the Snack Shack.

- You may earn credit for Parent Volunteer Hours and receive a \$75 refund of your volunteer deposit (8 hours required, 3 working in the Snack Shack).
- Please keep track of your volunteer hours that benefit the League such as snack shack, team parent, reporter, etc. Everyone who would like to be reimbursed must complete a reimbursement form and have it signed by a League official or designate, (if you choose to donate your deposit, the \$75 is tax deductible).
- The deadline to submit forms is: AUGUST 1, 2011. Forms are available at www.albanylittleleague.org or in the snack shack.
- **NEW** this year: to opt out of volunteering for the snack shack, a family may pay an additional \$75 per player to cover the cost of the additional labor. Forms are available on the "Sportability" website.

Each team (with the exception of T-Ballers) is required to recruit volunteers to work in the Snack Shack when they are the "HOME" team (along with 1 or 2 other "Home" teams from another level of play or field). The goal is to always have coverage so the Shack remains open for business, enjoy healthy and delicious food and build our community. Feel free to work out a system that works for your team.

- It is suggested to have one volunteer from each assigned team (2-3 total) per shift-one to handle money and the others for food prep and/or serving. Please find replacements or trade times with one another if you cannot make your time.
- Please note, if your team is the only team playing, you'll need two volunteers to work the shift. If volunteers do not show up for their time, the Snack Shack will close and the League will lose revenue.
- You will be sent a reminder before all home games and the lock box code

the week your team is scheduled in the shack.

- A detailed guide to the Snack Shack with opening and closing instructions and specific directions for all procedures will be provided online mid March to Team Parents, with a hard copy in the Snack Shack for easy reference. Feel free to send the document to your team and as a reminder before your team works in the shack.

Thanks in advance to all the Team Parents for coordinating volunteers for the Snack Shack this spring. We are looking forward to another fantastic season!
